1. Log in to Learning.com and set up your class. (See your LMS for help with this if needed).

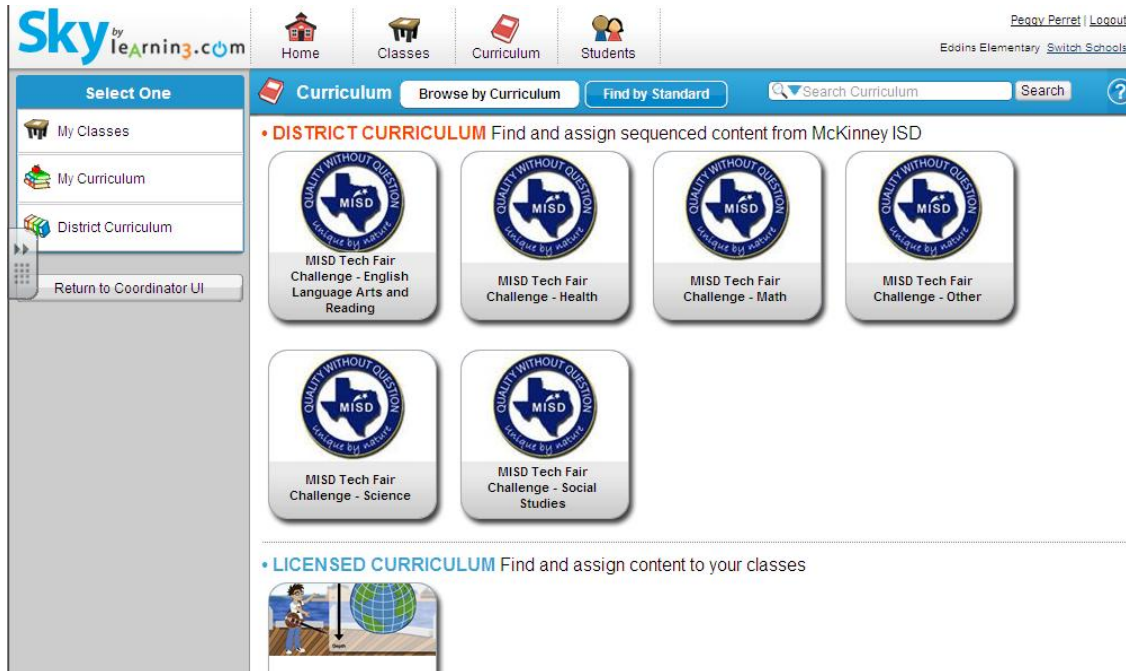

When typing the name of the District in, be sure to use this:

McKinney ISD

It is case sensitive.

2. Assign curriculum and/or lessons to your class. (See your LMS for help with this as needed).

3. Once curriculum has been assigned, have your students regularly login to Learning.com and complete the lessons assigned to them.

4. Document at least 15 different lessons completed in the Learning.com curriculum by taking screen shots of your Gradebook with the lessons listed at the top and student scores for each lesson.

Lesson Name	Score
Acceptable Us...	86% (12/14)
Netiquette Di...	93% (13/14)
Identiv Thef...	100% (14/14)
Symbols of Te...	93% (13/14)

(students names are covered in this sample)
